JAPAN-RUSSO WAR

It is Believed Viceroy Alexieff
Has Decided to Fall Back
Upon Harbin.

THUS ABANDONING PORT ARTHUR.

Town is Practically Besieged and May
Be Compelled to Surrender With
Its Men and Material.

While the Reduction of Vladivostok
and Port Arthur Occupies the Japanese,
Russians Will Concentrate
Forces at Harbin.

Paris, Feb. 19.—An eminent military authority connected with one of the embassies said Thursday that Port Arthur was practically besieged and it was a serious question whether this would not compel either the abandonment or the surrender of the fortress with its men and material. The ground for this belief was stated to be as follows:

"Adm. Togo's ships, on the watch at the entrance of the port, prevents ingress or egress, thus establishing a virtual blockade and cutting off the chances of relief seaward. The Japanese troops near New Chwang and other points on the Liao-Tung peninsula are able to interrupt the railroad forming the line of communication and supplies between Port Arthur and Harbin. The result is the gradual investiture of Port Arthur within the Japanese military and naval lines. It will require a bold action on the part of the Russian forces to prevent the final accomplishment of the investiture and slow reduction of Port Arthur."

London, Feb. 19.—Little far eastern news appears in the press Friday morning with the exception of official dispatches, and the comment is made that the official reports of Viceroy Alexieff and others are remarkable mostly for what they leave unsaid. These reports attract far less attention than does the significantly frank Russian proclamation asking the people to be patient until the army is ready to strike blows worthy of the dignity and might of Russia. The threats in this document are commented upon by the British press in tones of considerable irony.

It is now believed both in London and on the continent that Viceroy Alexieff has decided to fall back upon Harbin, practically abandoning Port Arthur, Vladivostok and the whole of Southern Manchuria to the Japanese, and that he is perhaps hoping that the reduction of Port Arthur and Vladivostok will occupy the enemy while he is concentrating his forces at Harbin.

England Preparing For Emergencies.

The papers Friday morning comment upon the activity which is seen at Woolwich and elsewhere in refitting the navy in preparation for any emergency. It is admitted that the manufacturers of fixed ammunition have been working night shifts since Christmas, and that all the surplus obsolete war material on vessels at home and abroad is being replaced as rapidly as possible. Especial interest attaches to the equipment of 60 battleships with the new 12-inch wire steel guns, 450 of which were ordered by the admiralty four years ago at an expense of \$22,500,000. These are said to be the most modern and most powerful guns in existence in any navy and they are capable of throwing an aimed shot accurately a distance of 16,000 yards.

Similar reports of military activity are received from other countries. For instance, Spain is preparing for possibilities. The Spanish minister of war informed a newspaper man Thursday that he was mobilizing all the militia forces at his disposal and said:

Spain Preparing For Eventualities.

"Although the Russo-Japanese dispute does not concern us, we must be prepared for all eventualities. Patriotism, however, demands that we keep silent regarding the points Spain must fortify."

According to the Tokio correspondent of the Daily Mail the emperor of Japan has declared his intention of giving the treasures of the palace to the Bank of Japan for the purpose of the war fund.

Other dispatches from Tokio confirm the great success of the internal war loan.

In a dispatch from Nagasaki a correspondent of the Daily Telegraph says all the Russian passengers who were on the captured steamer Japan have been released on parole.

The correspondents of the Times and the Daily Telegraph at Tokio unite in announcing the resumption of the Japanese coasting trade and confirm previous reports that the Russian cruiser Boyarian was sunk during the attack on Port Arthur of February 14. Some correspondents say the warship in question was the cruiser Bayan and not the Boyarian.

Asks For Instructions.

Washington, Feb. 19.—So many offers of assistance, military and medical, have come to the Russian embassy from Americans all over the country that Count Cassini, the Russian ambassador, Thursday cabled to St. Petersburg to learn the wish of the Russian government in the matter.

Japs Contribute to the War Fund.

Vancouver, B. C., Feb. 19.—Japanese laborers are contributing liberally to their national war fund. Four hundred men employed in two local mills Thursday handed to K. Morioka, Japanese consul general at Vancouver, \$2,500 to send to Tokio.

No Japanese Vessels Destroyed.

London, Feb. 19.—The Japanese legation here received an official dispatch from Tokio Thursday night saying it was not true that any Japanese vessels had been destroyed so far in any of the various naval engagements.

Chief Command in Manchuria.

Paris, Feb. 19.—The St. Petersburg correspondent of the Journal says in a dispatch that War Minister Kuropatkin has been appointed to the chief command of the troops in Manchuria. He will be under Viceroy Alexieff.

Japanese Capture Two Steamers.

St. Petersburg, Feb. 19.—A telegram received here from Port Arthur says the Japanese have captured the Okhotsk-Kamihata Co.'s steamers Kolik and Bovrik.

FORTIFICATIONS BILL.

Measure Passed House After Amendments Were Voted Down.

Washington, Feb. 19.—Senate—The Panama canal question again Thursday was the uppermost topic in the senate, and Mr. Spooner spoke on that subject during the greater portion of the day's session. Early in the day Mr. Tillman moved to reconsider the vote of last Monday by which the bill to grant \$150,000 to former Queen Liliuokalani was defeated, but further consideration of the matter was not pressed at the time. The senate adjourned until Saturday on account of Mr. Hanna's funeral.

House—The house passed the fortifications appropriation bill. The Philippine question was the subject of a brief but spirited discussion while the bill was under consideration. An item in the bill provided for fortifications in the insular possessions; Mr. Smith (dem., Ky.) proposed an amendment to preclude the use of any part of the appropriations for fortifications in the Philippines, holding that an expenditure of the sum necessary properly to fortify the islands was not warranted until the future of the archipelago shall have been determined. By a strict party vote of 80 to 82 the Smith amendment was lost. Mr. Robinson (dem., Ind.) made an unsuccessful effort to secure an amendment to prevent the use of any portion of the money appropriated for experimental purposes for Langley airships experiments.

GIFT OF LANDS.

The Armour Institute of Technology to Be Expanded.

Chicago, Feb. 19.—By a gift of lands valued at \$250,000, J. Ogden Armour has begun an era of expansion for the Armour institute of technology. Almost a solid square block north of and adjoining the present college buildings is included in the tract, upon which an athletic field will be constructed before the opening of the next college year in September.

Early Morning Fire in Chicago.

Chicago, Feb. 19.—Fire early Friday morning destroyed the four-story building at 6 and 8 Wabash avenue, occupied by the Gall Borden Milk Co., the C. W. Thum Fly Paper Co. and Enoch Morgan & Sons, soap manufacturers. The loss on building and contents is estimated at \$60,000.

To Honor W. C. Whitney.

Charleston, S. C., Feb. 19.—The citizens of Aiken in mass meeting determined to build and set aside a city park to be named "Whitney Park," in commemoration of their esteemed fellow citizen, W. C. Whitney, deceased, and to erect a monument.

A Fish Famine Likely.

New York, Feb. 19.—Prices here for all kinds of fish are soaring and housekeepers who hoped to find relief during lent from big meat bills, have learned to their dismay that a fish famine is not unlikely owing to the severity of the winter.

In five years the Bank of France has gained \$127,640,000 and Austria-Hungary \$79,120,000. In the same period the German imperial bank has lost \$38,683,000, the Bank of England \$2,265,000, and Russia \$132,240,000. Good fortune has added to the gold in the treasury vaults of the United States, from the close of August, 1896, to the first day of the current month, \$393,980,295, or very nearly \$80,000,000 a year on the average.

A DAY OF MOURNING

Senator Hanna's Remains Lie in
State in Auditorium of the
Chamber of Commerce.

A VERITABLE GARDEN OF FLOWERS

Fully 50,000 People Passed the Flow-
er-Covered Casket and Took a Last
Look Upon His Features.

Thousands Stood For Hours in a Double
Line Stretching For More Than
Five Squares Waiting Opportunity to Pass In.

Cleveland, O., Feb. 19.—This city has truly been one of mourning Thursday. The mortal remains of Senator Marcus A. Hanna now lie in state upon a shrouded catafalque in the auditorium of the chamber of commerce, where they were taken immediately upon their arrival here from Washington Thursday.

Surrounded by a veritable garden of flowers and guarded by a detail of soldiers from the state militia, the city of Cleveland now claims its own distinguished dead. During Thursday afternoon, from 1:30 to 9:50 o'clock Thursday night, fully 50,000 people passed the flower covered casket and took a last look upon the features of the dead statesman.

With the snow blowing into their faces and a cold wind chilling them through and through, thousands of people stood for hours in a double line stretching for more than five squares, waiting for an opportunity to pass into the building where lay the remains, and when at 9:30 o'clock the doors were closed for the night, there were still several thousand who had waited patiently but were compelled to return home disappointed.

Arrival of the Funeral Train.

The funeral train bearing the body of the dead senator and the members of his family arrived in Cleveland during a driving storm.

A large crowd was assembled about the station, notwithstanding the fact that the train arrived more than a half hour earlier than had been expected. The people stood patiently and complained not of the cold and gave the police little trouble. The depot grounds were surrounded by a triple cordon of police and none save those entitled to be there were allowed to enter either the grounds or the depot.

At Salem, members of Gov. Herriek's staff joined the funeral party, of which the governor had been a member from Washington. When the members of his staff had joined him at Salem, near the state line, Gov. Herriek, in the name of the commonwealth, extended to the bereaved family the condolences of all Ohio. The place where this sad rite was performed seemed indeed a fitting one, for it was at Lisbon, in Columbiana county, near Salem, that the senator was born. There he began his career.

When the train came to a stop the first to leave it was Gov. Herriek, followed by his staff. The chamber of commerce committee was soon followed by the members of the funeral party. The family and immediate friends who occupied the private car were the last to leave the train.

ALONG LINE OF MARCH.

Reverence, Respect and Love Shown
For the Dead Senator.

Along the line of march the reverence, respect and love felt for the dead senator was shown. Men stood with bared heads in an almost blinding snow storm while the procession passed and many eyes were filled with tears. A bugle announced the arrival of the procession at the chamber of commerce and slowly and solemnly the coffin was borne through the ranks of soldiers and tenderly placed upon the bier. In the entrance to the hall the pallbearers, with their burden, took the lead. They were followed by the members of Gov. Herriek's staff, and taking up the rear, were the citizens committee of the chamber of commerce and the exchange. A moment later the top of the casket was removed and the face of the dead senator exposed to the gaze of those friends who knew him best.

L. C. Hanna, the brother of the senator, was among the first to look upon the dead. With head bared he stood for fully two minutes gazing steadfastly upon the calm features of his brother. As he finally turned away his form shook with emotion and his face was buried in his handkerchief.

Gov. Herriek and the members of his staff then passed before the casket and after them the members of the special committees, all of whom had been close friends of the senator.

Elaborate Floral Tributes.

The floral tributes were the most elaborate since the funeral of the late

President McKinley. A whole carload of offerings from Washington officials and friends accompanied the funeral train. They include a beautiful wreath from President Roosevelt. Two great tables in the eastern extremity of the hall are piled high with costly tributes and both the platform and the stage are bowered of floral beauty. Conspicuous among the local offerings is an immense fan smile of the Perry-Payne building, all in flowers, presented by the shipping interests of the building, in which the senator had his offices.

A great wreath, fully five feet in diameter, presented by the office employees of the M. A. Hanna Co., is also an imposing piece, while a large letter, likewise constructed of flowers, addressed to "M. A. Hanna," and bearing the postmark, "Washington, D. C., 6:40 p. m., February 15, 1904," occupies a prominent place on the platform, back of the bier. This is the offering of the postal clerks of Cleveland. A gigantic G. A. R. badge built principally of carnations was sent by Memorial Post No. 141.

BROKEN FLORAL COLUMN.

A Tribute From the Union National
Bank of Cleveland, O.

Of the entire collection one of the most strikingly beautiful was a broken floral column, a tribute from the Union national bank, of this city, of which Senator Hanna was president. This piece stands six feet high and is built entirely of pink carnations, with a base of ferns and vines. It is placed immediately at the head of the casket. Hundreds of smaller pieces have been received from clubs and individuals both in Cleveland and from abroad.

The Senator Hanna seen by the thousands who filed past the bier was far different from the Senator Hanna familiar to Clevelanders in life. The face was thin and drawn, bearing plain testimony to the suffering that he had undergone. The hands, crossed upon the chest and visible through the casket front, were thin to emaciation.

At 9:30 o'clock Thursday night Memorial Post, G. A. R., of which Senator Hanna was a member, marched to the chamber of commerce in a body, and in the presence of their dead comrade, conducted the ritualistic funeral service of their organization. After this service the hall was closed, members of Troop A remaining to guard the body during the night.

A Short Eulogistic Address.

Upon the request of many friends of the Hanna family Bishop Leonard will deliver a short eulogistic address at the conclusion of the regular services Friday, upon the life of the dead statesman. Bishop Leonard will be assisted in the services by Rev. William M. Pierce, president of Kenyon college, at Gambier, O.; Rev. Dr. McGrow, of St. Paul's, and Rev. A. H. Jones, of St. John's church, this city, of which Mr. Hanna was a vestryman.

At the close of the services at the church the body will be conveyed to Lakeview cemetery and after a brief burial service in Wade mortuary chapel will be placed temporarily in the Wade vault. It not having been decided where the body shall finally be buried.

To Close All Federal Offices.

Washington, Feb. 19.—President Roosevelt Thursday issued the following order: "As a mark of respect to the memory of Hon. Marcus A. Hanna late senator from the state of Ohio, it is hereby ordered that all federal offices in Ohio be closed during the hours of the funeral, Friday, the 19th inst."

To Erect a Hanna Memorial.

Cleveland, O., Feb. 19.—Prominent republican organizations and individuals have already taken up the proposition of erecting a memorial to the late Senator Hanna in this city. Two committees have already been appointed to push the matter.

ARMY MEDICAL CORPS.

A Bill to Be Introduced For Its Reorganization.

Washington, Feb. 19.—Secretary Taft has sent to congress for introduction a bill providing for an increase and reorganization of the medical corps of the army. There has been some difference of opinion between the surgeon general and the general staff as to the increase to be allowed and Secretary Taft has framed a compromise bill providing for 16 surgeons with the rank of colonel, 24 with the rank of lieutenant colonel, 120 majors and 300 captains and lieutenants.

Charlotte, N. C., Feb. 19.—Fire destroyed the buildings of the Greensboro female college. Ninety pupils and the faculty escaped with most of their personal effects. The loss will total \$125,000; insurance, \$40,000.

Hanover, N. H., Feb. 19.—Dartmouth hall, the oldest building at Dartmouth college, and one of the oldest college buildings in the country, was burned to the ground. The loss is \$25,000.

RACE SEGREGATION.

The Bill Aimed at Berea College Passed By the House.

Frankfort, Feb. 19.—Senate—The senate and house each passed an important bill Thursday. It is a measure to enable an expired public utility franchise to be sold again in such manner as to give the owners of the first 25-year franchise a chance to buy it, passed the senate after a lively debate of two hours. The bill only applies to cities of the first class. Senator Cox offered a bill to cure a defect in the World's fair appropriation bill so that the commissioners may have some of the money available to pay for work before the work is entirely completed. Senator Carroll's resolution providing for afternoon sessions of the senate beginning next Wednesday to consider bills in the order of the day was adopted. The bill to create the new county of Thorne was referred to the committee on rules. The bill assigning Beckham county to the various districts which it belongs passed.

House—The house passed what is known as the Berea college bill, which prohibits the education of whites and blacks in the same school. The vote was practically unanimous, which indicates that the bill will doubtless pass the senate, and that means the extinction of Berea college, which is the only school where the two races are educated together. The bill to prohibit office holders from serving as committeemen for any political party was discussed by the house, and a test vote indicated it will pass, though final action was cut off Thursday by adjournment.

Another New County Scheme.

Hartford, Ky., Feb. 19.—The people of Fordsville, this county, are making an effort to form a new county, with their town as the county seat. They want to get enough territory from the adjoining counties of Hancock, Daviess, Grayson, Breckinridge and Ohio to do this.

Representative Clark Fatally Ill.

Frankfort, Ky., Feb. 19.—Representative W. C. Clark, of Paducah, the oldest member of the house, started home on the train in a dying condition from pneumonia. He was accompanied by his son, and every precaution was taken to make him comfortable.

Kentucky Y. M. C. A.

Bowling Green, Ky., Feb. 19.—The 26th annual state convention of the Y. M. C. A. convened here Thursday night. More than 400 delegates are in attendance. The principal address Thursday night was made by Judge Seiden P. Spencer, of St. Louis.

Filed Suit For \$25,000 Damages.

Elizabethtown, Ky., Feb. 19.—T. C. Crawford, administrator of the estate of S. J. Humphrey, who was killed in the Illinois Central repair shops in Louisville January 19, has filed suit in the Hardin circuit court against the Illinois Central for \$25,000.

Veteran Printer Dead.

Covington, Ky., Feb. 19.—Thomas M. Frazer, pioneer veteran, special revenue ganger and for many years a compositor on a Cincinnati paper, where he was familiarly called "Uncle" Tom, died at his home, 115 East Seventh street, Wednesday night.

Willis Granted a New Trial.

Cadiz, Ky., Feb. 19.—Lawrence Willis, under a verdict of life sentence, accused of the assassination of his uncle, W. B. Johnston, last March, was granted a new trial by Judge Cook here. He will likely be tried again at the May term of court.

Goes Out of Business.

Burkesville, Ky., Feb. 19.—The Burkesville Banking Co., an institution established here about six months ago, has gone out of business. Its deposits and papers, as well as all its liabilities, were transferred to the Bank of Cumberland.

Representative McDonald Dead.

Louisville, Ky., Feb. 19.—Harry P. McDonald, who was serving his third term as a representative in the Kentucky legislature, died at his home in Louisville at 6:30 o'clock Thursday night, after being ill of pneumonia six days.

Heirs Want \$20,000 Damages.

Elizabethtown, Ky., Feb. 19.—The heirs of R. L. Lamb, who was killed by a switch engine at Lebanon Junction February 1, have filed suit in the Hardin circuit court against the Louisville & Nashville railroad for \$20,000.

Public Library Opening.

Covington, Ky., Feb. 19.—The library board met Thursday and fixed upon Wednesday, March 16, at 1 o'clock, as the date of the public opening for inspection of the new library and auditorium at Scott and Robbins streets.

Frankfort, Ky., Feb. 19.—J. F. Porter, of Webster county, member of the state senate, accidentally shot himself in the leg Wednesday night.

The fifth annual tobacco fair will soon be a thing of the past. May its influence for good be lasting.

The suggestion of George B. Cox, the Cincinnati boss, as Senator Hanna's successor, shows to what a low level Ohio Republicans have fallen. From Sherman and Thurman to Cox, what a drop!

Get up your enthusiasm and give our visitors a hearty welcome Saturday. Do not expect to sell a great many goods, but remember it will be a good time to make friends who will be future customers. Fling out your banners of welcome.

The Rigdon bill requiring all packages of baking powder to be labeled so as to show the ingredients used in the manufacture of it was passed by the House at Frankfort by a vote of fifty-six to twelve. There is no article used in the preparation of food that is adulterated to a greater extent than baking powder, and Mr. Rigdon's bill should become a law. An explanation is in order from the Hon. Mr. McKnight, Mason County's Representative. If he is correctly reported he tried to defeat this bill by having it recommitted to the Committee on Military Affairs. The question of pure food is too important a matter to be trifled with in any such way.

THE QUESTION OF PURE SEEDS.

The bill pending in the Legislature to prohibit the adulteration of farm and garden seeds is an important measure and should be passed. In preparing for his crops nothing is of greater importance than pure seed; but how often is it the case that the farmer gets something he didn't bargain for, and an inferior crop is the result.

The act now pending in the General Assembly is aimed especially at the adulteration of bluegrass seed. The growers of Kentucky bluegrass sold their seed at \$1.20 a bushel last season, yet wholesale dealers in Central Kentucky have been sending out circulars over the country offering to sell the pure Kentucky bluegrass at \$1 per bushel. Upon investigation by the experiment stations it has been discovered that the bluegrass seed has been adulterated with Canada grass seed, which in appearance is almost identical with bluegrass. The Canada grass is practically worthless for all purposes and is not worth twenty-five cents when placed on the market under its correct name. Many foreign dealers are shipping in seeds which are composed of as much of the adulteration as the real seed. Timothy and clover are also being similarly adulterated. The bill now before the Legislature makes it a misdemeanor for a merchant to place on sale such seeds and the wholesaler must brand each package correctly before the same can be offered for sale.

If there is one thing the Legislature should aim to do it is to protect the people from the "sharps" and disreputable traders who would enrich themselves by palming off impure foods and adulterated farm and garden seeds.

Beef Ought to be Cheaper.

[St. Louis Post Dispatch.]

Secretary Wilson, of the Department of Agriculture, says that "beef should be 20 per cent. cheaper to the consumer than it is now." Cattle on the hoof are cheaper by \$2 to \$3 per 100 pounds than in 1902. Why is the price to consumers as high or higher than a year or eighteen months ago? Of course the answer is well known. A combine exists which controls both ends of the market. It is the only large buyer and is therefore able to depress the price when the farmer sells. It is the only seller of the steak and roasts and therefore can raise the price when the consumer buys.

A REPUBLICAN MOVE.

Reported That Four of the New Rural Free Delivery Routes Are to be Abolished.

It is reported that four rural mail routes which were ordered established in this county last fall, and for which four Democrats were appointed as carriers, will be abolished.

A. M. George, a postoffice employe, has been here the past week going over the routes, and it is said he will report that the roads are impassable.

The carriers have already purchased their wagons at a cost of \$75 each, and the action if the report is true would be a gross injustice to them as well as to the patrons along the proposed routes, most of whom have gone to the expense of purchasing mail boxes and having them put up. This latest move, if the report is true, is no doubt simply a last resort of the disappointed Republican applicants and their friends to prevent the Democratic carriers from getting the places. The charge that the roads are impassable is too thin, as everybody knows it is not true.

Lovely Porto Rico.

It is said that if you put a toothpick in the ground a broom will sprout and grow, the soil is so very fertile. Think of living in a country where you can have strawberries all the year round, a country where you can stay out doors through the year, literally under your own vine and fig tree, and where, as fast as you eat one batch of green peas, corn and other good things you have only to plant another lot of seeds to have a continuous performance of green vegetables; a country where you can go out in the cool of the morning and gather fresh oranges and bananas from the trees and pick a luscious pineapple from the bush.

The largest crop of bluegrass seed in one season and the largest crop ever produced in the world was that of Thomas Henry Clay, in Bourbon County. His farm of 5,000 acres produced 35,000 bushels of green seed. So profitable has the business of raising bluegrass become that the men in that region who own farms of 500 to 1,000 acres raise this as one of their chief crops.

Under the present law the members of the County Health Board are appointed by the State Board and that Board selects the Health Officer for the county. House Bill No. 190, which was passed Wednesday, provides that three members shall be appointed by the State Board and one by the Fiscal Court, while the County Judge shall be the fifth member. The Fiscal Court shall elect the Health Officer and fix his salary. The county board recommends the Health Officer to the Fiscal Court.

THE SMITH & NIXON PIANO CO.

Suggests the following: When Columbus discovered America he found a savage population, naked, ill-fed and without intelligence, yet they had some idea of music. They had the idea of rhythm and used cymbals, tom-toms, etc. to reproduce their ideas. The finished artist of to-day, hailing as he usually does from sunny skies, whose languorous air tends to melody, expresses his ideas with the violin and other stringed instruments.

The piano is the only musical instrument that combines the earlier idea rhythm with the later and finished idea melody. Therefore the piano is the only musical instrument in existence capable of expressing musical ideas in their entirety.

This accounts for the fact that piano performers are in great demand and receive better pay for their work than any other class of artists.

Life insurance is a good estate to leave to your children, but when your guiding hand no longer directs the investment it may take wings. A musical education is an estate that cannot take wings. A musical education cannot be torn from them. If you leave as an estate a piano and musical education, you have the assurance that no matter what happens your loved ones are assured of a good income.

The Smith & Nixon Piano Co., established 1843, are manufacturers of high grade pianos, and sell them direct to the purchaser. No middleman. No agent. Direct from factory to you at wholesale price. Please call and look at their samples at

THE FINAL SUMMONS.

Death of Mr. Samuel Rudy This Morning—Mrs. Elsie Dole-Justice, of Cincinnati, Passes Away at Home of Sister.

Mrs. Elsie Dole-Justice, aged twenty-one, died Wednesday night at the home of her sister, Miss Anna Dole, on East Front street. Mrs. Justice resided on Pike street, Cincinnati, and came here a few days ago to visit her sister. Although she had been in poor health for some time, her death was rather sudden, and was attributed to heart disease. The family formerly lived in Maysville.

The funeral will take place Sunday at 2 o'clock, at Miss Dole's home, Rev. M. A. Banker officiating. Interment in the Maysville Cemetery.

MR. SAMUEL RUDY.

Mr. Samuel Rudy died at 3 o'clock this morning at the home of his parents on Forest avenue after an illness of a few days from pneumonia. He had been living in Cincinnati the past six months and was taken sick the first of the week. Tuesday he came home, and had been rapidly declining ever since. He was about twenty years old. His younger brother, Elmer, died a few months ago of typhoid fever. The bereaved parents have the sympathy of their many friends in their sorrow.

The funeral will take place Saturday afternoon at the home.

Missionary Rallies.

Foreign missionary rallies conducted by Dr. Layton, missionary to the Congo, will be held at the Christian churches at Vanceburg, Tolleboro, Orangeburg and Maysville next week on the following dates: Vanceburg, Tuesday night at 7 o'clock; Tolleboro, Wednesday, from 10 a. m. to 4 p. m.; Orangeburg, Thursday, from 10 a. m. to 4 p. m.; Maysville, Thursday night at 7 o'clock.

Dr. Layton and wife have spent several years in the Congo country, and can relate many interesting experiences in the wilds of Africa. On one occasion he traveled 500 miles to minister to a brother missionary who was ill. He has a number of relatives in this county.

Arch C. Curran, who died a few days ago at Cynthiana, of pneumonia, was a cousin of Mr. H. C. Curran, of this city.

The L. and N. pay train was here this week on its monthly trip.

A new lodge of Knights of Pythias has been instituted at Morehead, with twenty-four members.

Rev. S. H. Pollitt, of Germantown, has returned after assisting Rev. C. K. Dickey in a successful meeting at Pineville.

Mr. James M. Rankins has been awarded the contract for carrying the mail between Mt. Olivet and Maysville at \$800 a year.

Miss Lizzie Hiatt had the misfortune to fall and break one of her arms Thursday morning. The accident is a serious one to this deserving woman.

The Legislature has passed a bill prohibiting any retail merchant from selling his stock of goods in bulk without notice to his creditors from whom he bought the goods.

The Kentucky Senate unanimously and by a rising vote adopted a resolution offered by Senator Cox eulogistic of the public services and character of the late Senator Hanna.

Those who have contributed anything for the Y. M. C. A. dinner Tobacco Fair Day are requested to send articles to D. Hunt & Son's old stand on Second street by 10 a. m. Saturday.

The BULLETIN is indebted to Postmaster Mathews for a copy of the last annual report of the Acting Superintendent of the Money-Order System of the Postoffice Department.

Congressman Kehoe has introduced bills granting pensions to Christian Lederer, John N. Peters, M. B. Thompson and Elza Bali, and granting an increase of pension to Mrs. Lucretia Cartmell.

To-day is the fortieth anniversary of the order of the Knights of Pythias. Dover Lodge will celebrate the anniversary by giving a class of eleven the Knight rank. County Clerk Wood is among the members of the class.

BIG CROWD COMING.

A Delegation of Over One Hundred Cincinnati Business Men Will Attend the Tobacco Fair Tomorrow.

[Enquirer.]

It is expected that about 100 members of the Business Men's Club will comprise the party which will visit the Maysville (Ky.) Tobacco Fair Saturday. Chairman Shuff, of the Committee of Arrangements, announces that acceptances are coming in rapidly now, and he believes that even more than the number mentioned above will attend.

The members will assemble at the clubhouse promptly at 11:30 a. m. in order to take up the march to the depot from which the train departs at noon. An elaborate program has been prepared by the citizens of Maysville, who still have pleasant memories of the previous trip made by the club.

Incidentally the club will have a program of its own, and every one of the members who has ever accompanied the organization on any of its jaunts knows this trip will be a pleasant one.

Board of Trade Directors to Meet.

A meeting of the directors of the Board of Trade is called for this afternoon at 4 o'clock at office of President Duley on Court street. Let all be present if possible.

Mr. J. Ed. Parker and tenants have sold about 9,000 pounds of tobacco to the Continental agent at this place at 10 cents.

The sleet, rain and snowfall since Wednesday night amounts to 1.11 inches. Nearly an inch of sleet fell yesterday and the night before.

Russell Brown, a negro barber, has filed suit for \$30 against W. S. Taylor at Indianapolis for shaving mountain guards during Taylor's occupancy of Kentucky's Executive building.

The home of Mrs. C. C. Brown at Portsmouth was badly damaged by the explosion of a range, and Mrs. Brown had a narrow escape from serious injury. She is a daughter of the late Capt. J. C. Power, of Aberdeen.

The Tobacco Fair will attract a large crowd of visitors to-morrow and Maysville's business men and the citizens in general should take pride in having the city make the best possible showing. Clean off the pavements and hang out the banners.

Mr. Head, the Continental agent at Ripley, has begun to buy tobacco on this side of the river. He has bought from George Laycock and R. J. Adams 10,000 pounds at 9 1/2 cents, from Philip Pabst 6,000 at 10 cents and from Peter Brown 7,000 at 9 1/2 cents.

The suit of McCabe against the M. and B. S. and C. and O. railroad companies, in which Hon. John D. Carroll is to preside as Special Judge, will not be tried till next term. Plaintiff was permitted to file an amendment petition yesterday, setting up the fact that the accident occurred at a crossing.

D. Hechinger & Co.

In connection with the liberal premiums that will be given to the successful exhibitors among the tobacco growers on the 20th of February, D. Hechinger & Co. will also distribute premiums to all their cash customers on that day.

With Every Suit, Overcoat or Single Pair of Pants a Cash Premium of 25 Per Cent. Will Be Deducted From the Regular Price of What You Buy.

We not only hope to make this day memorable from the standpoint of the tobacco fair, but also memorable in our business.

We hope that this ad will reach people quite a long distance who expect to attend the tobacco fair. If they will call on us we will soon convince them that Maysville has a clothing house second to none in the country.

HAPPY RESULTS

Have Made Many Maysville People Enthusiastic.

No wonder scores of Maysville people grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Maysville by Doan's Kidney Pills.

Mr. W. H. Paul, of Market street near Third, says: "I procured Doan's Kidney Pills at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and one box cured me of pains in my back and other evidences of a disordered condition of the kidneys that had given me much trouble for two years or more. This statement of fact is the strongest endorsement Doan's Kidney Pills could have as to their wonderful value."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.
